

# Artem Novitskiy

## Junior Data Scientist

Hello, I'm beginner in python and data science, passionate about programming on python and working with data. I'm always trying to be an open-minded team player and deliver high-quality results. Trying to be on the top of trend wave, I don't forget to learn best practices and fundamentals.

## EDUCATION

### Master of Law NPU Drahomanova

09/2011 - 05/2017

Ukraine, Kyiv

### "Python for all" Udemy

06/2020 - 12/2020

Online

### "Python for beginners" Beetroot Academy

09/2021 - 02/2022

Online

### Data Scientist DataCamp

09/2023 - Present

Online

## SKILLS

Python

SQL

OOP

DOP

PostgreSQL

Pandas

Numpy

Matplotlib

Seaborn

Plotly

Jupyter Notebook

Kaggle Notebook

Power BI

Beautiful Soup

Telegram Bot

SQLAlchemy

SQLite

Threading

Asincio

ORM

REST API

JSON

CSS

HTML

GIT

Linux

MacOS

## PERSONAL PROJECTS

### Python Telegram Bot (12/2021 - 02/2023)

- project - a chat bot for Telegram, which can be found by clicking on the link on my GitHub, and there you can also find other mini projects that I developed during my studies.

### Write own notebook (01/2023 - Present)

- during my studies, I try to complete projects not only on the online platform where I study, but also to write notebooks on the online platform for data scientists kaggle

## CERTIFICATES

Courses from Beetroot Academy - "Python for beginners"  
(09/2021 - 02/2022)

Intermediate SQL (11/2022 - 12/2022)

Exploratory Data Analysis in Sql (12/2022 - 12/2022)

Database Design (01/2023 - 01/2023)

Intermediate Python (01/2023 - 01/2023)

Writing Efficient Code with Pandas (03/2023 - 03/2023)

## LANGUAGES

Ukrainian

Native or Bilingual Proficiency

English

Professional Working Proficiency

## INTERESTS

Learning! Always ready to learn new things for myself

Data

Python

Clear coding

Find decision
